PAYMENT APPRECIATED BY FEBRUARY 15

Full Day of Agility Training & Handling MHS Training Center 9-5, check-in 8:30

Your opportunity to work with Lo for the entire day on skills for you and your dog to be successful in Agility.

We'll be working inside at MHS on the skills you've requested along with those Lo feels are essential to your success.

Just 6 working spots. Individual coaching. Lo will have a mic so everyone can benefit from coaching while she works with each team. During the day you and your dog can address different issues with Lo and there may be times that all students perform the same exercise. Dogs are crated indoors alongside your chair while a team works.

Skills You Might Want to Focus On

- Weave Pole Entries
- Acceleration & Collection Cues
- Serpentine Handling
- Tunnel Threadles
- Contact Proofing, running & 2on2off
- Short Sequences
- Start Line Set-up & Proofing
- Explosive Start Lines
- Independent Contacts
- Once 6 teams register we will survey to get insight on issues you want to work on.
